

HLC CONSULTING SERVICES

- MASTER EDUCATOR REFRESHER COURSE

Would you like to help your Hebrew school teachers transform their performance from good to exceptional?

We offer a master educator refresher course for Hebrew school instructors. The training focuses on lesson planning, delivery, and assessment, and aims to equip teachers with the tools and motivation necessary to achieve excellence in their teaching craft. Jewish education directors will be provided with a simple and practical framework for setting high performance standards, effectively assessing outcomes, and for offering ongoing faculty support.

- HOME-CENTERED STRATEGY DEVELOPMENT FOR JEWISH EDUCATION AND OUTREACH

Have you considered offering home-centered Jewish education to the youth of your congregation or Havurah? Has your Jewish community center been looking for creative ways of reaching the unaffiliated?

We will lead the officers of your organization through a process of clarifying values, setting goals, and assessing needs while providing encouragement to think outside of the box. Drawing on his extensive experience in bringing Jewish education into the home, Rabbi Modek will help you design educational programs that integrate home and institution for the benefit of both.

- SUPPORT FOR THE INDEPENDENT JEWISH EDUCATOR

Are you an enthusiastic Bar/Bat Mitzvah tutor who would like to offer the fullness of your gift in a full time capacity?

We will assist the independent Jewish educator to maximize his or her creativity, efficiency, and visibility. Contact the HLC office to inquire about starting Hebrew Learning Circles in your area.
