Offering constructive feedback to circle instructors and to Rabbi Modek insures the constant improvement and fine-tuning of our educational work. Below are a list of categories by which to evaluate the performance of your circle's teacher.

Please rate each of the following statements on a scale from 1 (disagree) to 5 (agree). Feel free to add written comments of specific praise or critique on the back of the page. Detailed written critique, relating to categories that receive low ratings, are especially in order. Mark NO in categories where you have no opinion.
